Curin' urine

Hey doctor can you find a cure
I have a problem not too serious I'm sure
You see I noticed that my pee ain't so pure as it used to be

And what is more you see I kind of shake
And in my head i have a terrible ache
Sometimes I feel just like my skull would brake or just fuckin' explode

Hey sir you wanna know what I think
I really do believe that you drink too fuckin' much
Shut up you bitch
There's no reason to shout please hear me out

Curin' urine - drinking pee is good for you
Curin' urine - go ahead and have a cup or two

Each time you feel like having a drink
I must strongly advise you think
About taking a glass and fill it with your pee
And in a while you'll feel better please believe me

Curin' urine - drinking pee is good for you
Curin' urine - go ahead and have a cup or two

Oh what an awful feeling
But I can't stand the pain.
I wouldn't hesitate to leave it
I hope there's something to gain
You know i can't believe it
To drink your own golden rain

Yes go ahead just like I said
Drink your own urine
It's so curin'
Curin'urine

Captains

Four shots rang out
At 2.30 a.m.
Quite fortunately there were no casualties
The sunday morning
Was already dawning
But young captains as they were
So many places yet need exploring

Four shots straight to the head
Not fired from a gun
Come on now straight to the bed
No no let's have some fun

And one and two and three and four
And another and another and another
And five and six and seven and eight
The more you take the more you order

Put on your best coat cuz tonight is the night
Exchange your money for booze it's pure delight
The first two always tend to ignite
A few hours pass by and out goes the light

Another morning dawns
In your own back you've hit the knife
But still you know it won't be the last time
Depression quietly crawls
In your mind freshly full of life
Soon for a decent life you'd give your last dime

And one and two and three and four
And another and another and another
And five and six and seven and eight
The more you take the more you order

Put on your best coat cuz tonight is the night
Exchange your money for booze it's pure delight
The first two always tend to ignite
A few hours pass by and out goes the light
